08/30/2014		General Motors	<p>Manufacturer Safety recall issued</p> <ul style="list-style-type: none"> - NHTSA# 14V400 - Recall #N140350 - UNINTENDED IGNITION KEY ROTATION - Status: Remedy Available <p>Locate an authorized General Motors dealer to obtain more information about this recall.</p> <p>- Learn more about this recall</p>
<p>Description: General Motors has decided that a defect which relates to motor vehicle safety exists in 2000-2005 MY Chevrolet Impala and Monte Carlo, 1997-2003 MY Chevrolet Malibu, 2004-2005 MY Chevrolet Malibu Classic, 1999-2004 MY Oldsmobile Alero, 1998-2002 MY Oldsmobile Intrigue, 1999-2005 MY Pontiac Grand Am, and 2004-2008 MY Pontiac Grand Prix vehicles. If the key ring is carrying added weight and the vehicle goes off road or experiences some other jarring event, it may unintentionally move the key away from the run position. If this occurs, engine power, power steering and power braking may be affected, increasing the risk of a crash.</p> <p>The timing of the key movement out of the "run" position, relative to the activation of the sensing algorithm of the crash event, may result in the airbags not deploying, increasing the potential for occupant injury in certain kinds of crashes. Until the recall has been performed, it is very important that customers remove all items from their key ring, leaving only the vehicle key. The key fob (if applicable), should also be removed from the key ring.</p> <p>Remedy: Dealers are to install two key rings and an insert in the key slot or a cover over the key head on all ignition keys, free of charge.</p>			
10/21/2015		General Motors	<p>Manufacturer Safety recall issued</p> <ul style="list-style-type: none"> - NHTSA# 15V701 - Recall #N150757 - UNDER HOOD FIRE - Status: Remedy Available <p>Locate an authorized General Motors dealer to obtain more information about this recall.</p> <p>- Learn more about this recall</p>
<p>Description: General Motors has decided that a defect which relates to motor vehicle safety exists in certain of the following vehicles equipped with a 3.8L V6 engine (Regular Production Option L26, L32, L36 or L67): 1997 2004 model year (MY) Buick Regal, 2000 2004 MY Chevrolet Impala, 1998 1999 MY Chevrolet Lumina, 1998 2004 MY Chevrolet Monte Carlo, 1998 1999 MY Oldsmobile Intrigue, and 1997 2004 MY Pontiac Grand Prix. Certain of these vehicles have a condition in which drops of engine oil may be deposited on the exhaust manifold through hard braking. This condition could cause an engine compartment fire. Certain of these vehicles produced before June 26, 2003 were subject to General Motors prior safety recalls 08V-118 (07035), 09V-116 (09047) and 15V-201 (14574). In some cases, the remedy procedure performed on these vehicles pursuant to the prior recalls may not be sufficient to prevent subsequent engine compartment fires relating to this condition in the affected vehicles. Vehicles previously repaired under the referenced recalls will receive further repairs as part of this recall.</p> <p>If drops of engine oil are deposited on a hot exhaust manifold, an engine compartment fire could occur.</p> <p>Remedy: Dealers will replace the engines front valve cover and front valve cover gasket free of charge. The engines plastic beauty cover and plastic oil fill tube extension will be removed, if they havent been already, also free of charge.</p>

CARFAX Glossary

First Owner
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall
Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported
When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
